Dear Dr. Matias E. Rodriguez-Rivas,

On behalf of the Society's president, board of directors and staff, it is our pleasure to welcome you as a new member of Sigma Xi, The Scientific Research Honor Society. With your induction into the Society, you have joined an illustrious group of distinguished and committed researchers around the world.

Now that you are a full member, we will keep you informed of the Society's many resources, activities and opportunities for involvement. This news will come to you via bi-weekly member newsletters, Sigma Xi Today (featured in *American Scientist* magazine), specialized email blasts, and the [Sigma Xi Communities](#) message boards.

Please note that your membership profile may take up to 3 weeks to be fully processed in our system. Additionally, a hard copy of your membership certificate will be mailed to your preferred mailing address within 6 weeks. Access to the portal and your digital membership certificate will only be available after your profile has been finalized. Additionally, we invite you to take advantage of member rates to join us at our annual meeting, the [International Forum on Research Excellence \(IFoRE\)](#).

Once again, welcome to Sigma Xi. Your outstanding achievements have earned you a place within our international community of scientists and engineers. Congratulations! May you enjoy a rich and rewarding membership experience for many years to come.

Sincerely,

A handwritten signature in black ink, appearing to read 'J. Vernon', is placed below the text 'Sincerely,'.

Jamie L. Vernon, Ph.D.
Executive Director and CEO, Sigma Xi
